Your wound and your medicine come through the mystical: the longing for unity, the ache of ancient remembrance.

This is where your puzzle becomes prayer—each piece a soft reconnection..

The Puzzle Ritual

A Ceremony of Remembrance

To be read before assembling your Ascension Puzzle.

1. Prepare the Space

Light a candle, breathe deeply.
Place your puzzle box before you as a sacred object..

2. Set the Intention

Whisper to the pieces: I am ready to remember.
This puzzle is my prayer..

3. Begin in Stillness

Before placing the first piece, close your eyes and feel Gaia's whisper in your heart..

4. Assemble with Presence

Each piece you place is a part of you returning.
Stay soft.
Let your breath guide you..

5. Pause Often

Let silence be your partner.
Let curiosity lead..

6. Final Piece Blessing

Before placing the last piece, hold it in your hand and say aloud:.

"I am the swirl of source becoming form.
I trust the dance, and I love the mystery.".

This ritual is a living ceremony. Let it evolve with you.
